SUMMARY

Design leader who builds from scratch — practices, systems, and products. Six years establishing design functions inside early-stage and enterprise teams: founding design systems, setting research cadences, and leading cross-functional delivery. Experienced working across multicultural, multi-timezone product environments in EdTech, Enterprise SaaS, and FinTech. I don't just ship screens; I build the infrastructure that makes the next ten screens faster.

EXPERIENCE

Infosys · Senior Product Designer

Aug 2024 – Present

Pune, India

- Architected and governed a 60+ component design system across 5 cross-functional teams — zero component forks, 42% acceleration in product delivery.
- Shipped a 5-tool AI Teacher Assistant Suite from 0-to-1 — Rubric Generator, Recommendation Engine, Math Practice, Email Drafter, and PD Chatbot — reaching 10,000+ teachers and 50,000+ students, lifting learning effectiveness by 40%.
- Led 75+ educator discovery sessions; translated findings into a prioritised roadmap that cut teacher assessment time by 70%.
- Reduced stakeholder review cycles from 3 weeks to 5 days by introducing co-design sprints and an async feedback system adopted across the org.

Simplifai Cognitive Services · Product Designer

Oct 2022 – Jul 2024

Pune, India

- Founded Simplifai's design practice from scratch as the only designer — established the first design system, research cadence, and dev handoff process, reducing handoff friction by 60%.
- Led 0-to-1 discovery and UX for the AI no-code Flow Builder — ran 25+ JTBD interviews, designed progressive disclosure that cut onboarding drop-off 28% across 950+ users and 12+ enterprise clients.
- Defined and documented interaction models for complex automation workflows; drove alignment between product, engineering, and stakeholders on a fast-moving roadmap.

Keywordio · UI/UX & Motion Designer

Jan 2020 – Sep 2022

Pune, India

- Led a team of 5 designers — owned hiring, mentoring, and design quality across the product portfolio.
- Redesigned 3 core CRM dashboards through research with 100+ users — restructured IA and interaction design, cutting data access time 12% and driving a 45% jump in team adoption.
- Elevated product experience through motion design and visual storytelling, contributing directly to a 30% increase in user engagement.

Green Earth Translogistics Pvt. Ltd. · Visual Designer

Aug 2019 – Jan 2020

Mumbai, India

- Designed motion and visual communication campaigns for Shell Petroleum — developed visual clarity, composition, and storytelling skills foundational to my current product design practice.
- Collaborated with marketing and subject-matter experts to translate complex logistics concepts into clear, audience-ready visual narratives.

Windows Film Production · Visual Designer & Motion

Jun 2017 – Jul 2018

Kolhapur, India

- Designed animated campaigns and documentary sequences — built core visual craft in composition, hierarchy, timing, and audience attention that directly informs my product and interaction design work today.
- Recognised for creative excellence across advertising and documentary projects; contributed to a 20% increase in brand engagement and audience retention.

FEATURED PROJECT

Aulys — AI Accessibility SaaS & Figma Plugin Founder · portfolio-adichinchakar.vercel.app/work/aulys

Design teams face \$250K+ ADA settlements — Aulys eliminates the compliance gap at source. Conceived, designed, and engineered solo: a Figma Plugin scanning 500+ layers in under 10 seconds for WCAG 2.2 violations, plus a Web Audit SaaS with AI-powered remediation. Addresses growing global accessibility mandates — ADA (USA), EU Accessibility Act (Europe), and WCAG compliance requirements now active across government and enterprise worldwide. 30 beta designers actively testing. Owned full product lifecycle: strategy, research, design system, engineering, and go-to-market. Built with React 19, TypeScript, Next.js 14, and the Figma Plugin API.

RECOGNITION

Certificate of Recognition · Imagine Learning · Infosys (Jason Fournier, SVP) 2025
8 solo presales proof-of-concept deliveries · Infosys · Imagine Learning 2024–2025
